Executive Director

## NEW HOPE NEWS BREAK DECEMBER - 2010

I pray "all is well" as you receive this tiny edition of News Break. We are sorry we are so late in sending this to you. This month has been so filled with ministry work, we are just finally able to put a few thoughts together to send to you.

**GREAT NEWS:** New Hope has been blessed to receive the \$3,000 necessary to put the roof on the children's home. And what a blessing! The materials used in the construction of the rest of the building would not have survived much longer the erosion caused by the volcano winds and rains, without covering the roof.

Thanks for agreeing with us in prayer for the \$9,428 that is needed now to purchase the windows, doors, floors, bathroom, septic tank, plumbing, etc. and other finishing touches. We thank God for His faithfulness in the past and we know He will be faithful to complete this project too! We are all looking forward to the day when the our boys move in to their new home! What a joyous occasion this will be!

**CONTAINER:** From all "natural indications," we have "lost" our second container. Costa Rica has confiscated it because of monies owed to them by the shipping company. Your prayers are very much needed during the first week of January as we believe for a miracle! From every indication, the seventh of January will be the day we either keep or lose all the contents in the container.

**PRAYER REQUEST:** Dr. Neil Grossnickle has just suffered a stroke and, at this time, he is in Ft. Lauderdale in intensive care. He had planned on joining me the middle of January in Nicaragua to minister to the children there. He and his wife Sister Carole have blessed many very poor children with their yearly medical visits to various small outlying communities in Nicaragua. Please keep both Dr. Grossnickle and his wife Carole in your prayers. This a very trying time for both of them.

We are very grateful to those of you who are faithful with your prayers and financial support each month. What a blessing you are! Without you "holding up our hands," New Hope would not be here. But because of God's mercy and grace and your support, we are able to touch the hearts of many children in Nicaragua with the Good News of the Gospel and help prepare them for a better future.

Thanks again for your support during December. I'll do my best to get you a full update of things in January.

For the Children,  
*Brother Ford*

**P.S. I believe you will be interested in seeing a DVD I made for Brady Weldon:**
